

UNCHANGABLE PROMISE

Galatians 3:15-25

The LIE: After Abraham, God changed the terms of salvation.

3 TRUTHS:

- We can't twist or change the terms of the Gospel.
- We can't mix *by faith* with *by performance*.
- God did not change the terms of salvation.

God's promise did not change with time.

- The unchanging nature of our promise-keeping God is foundational to our faith.
- We will be eternally grateful that God does not change.

What is the purpose of the Law?

- “added” = *placed alongside of*
- To make you saveable.
- Because of *transgressions* = *to step beyond*
- The way of faith & the Law system are side by side, but they are not the same, or part of the same way.

In the Law system there is a mediator. The promise is one sided.

- There is no bargaining with God.
- All are “shut up” = *to close the jail house door*

Our faith is linked to history and the sequential unfolding of God's redemptive plan.
